## The Neher Park Project

The Wood River Soil and Water Conservation District met with Lincoln County Commissioners, Idaho Division of Environmental Quality, Idaho Fish and Game and Soil and Water Conservation Commission to discuss funds that are available from the district to be utilized on the Little Wood River from Richfield to Shoshone. These funds are specific and can only be dispersed if parties agree they meet the criteria. They are as follows: to improve water quality, channel vegetation, stabilize the stream channel, restore wetlands and willow plantings. The consensus at this meeting was this is a great project and will meet the intent required. Now we will wait on a design and plans before work begins.

## Arbor Day & Fire Wise Celebration & PLANTING!

The WRSWCD District continues to organize and celebrate Arbor Day & Fire Wise Awareness.

**Celebrating Arbor Day and Fire Wise Awareness  
"One Tree & One Seed at a Time!"**

**Thank You to the Garden Club- For the love of Growing, University of Idaho Extension, City, County, BLM and other community members who continue to plant trees, shrubs and flowers to beautify Lincoln County!**

## Trees Against the Wind Project!

The Wood River SWCD's began this project in 2015 on Highway 75, 6 miles north of Shoshone. We worked on 2 phases of the project the second one in 2019. As you can see in the pictures, they both are doing fabulous and have been a great addition to Boot Jack Dairy.

Planted in 2015

Planted in 2019 both Rocky Mountain Junipers  
Both pictures taken Fall of 2020

## 2020 Conservation Tree Farmer

The Wood River Soil and Water Conservation District would like to recognize these two wonderful people, Lonnie and Charmy LeaVell as our 2020 Conservation Tree Farmer! They have purchases Trees and work with the District for over 20 years with windbreaks and shelterbelts. Thank you for all you do in the name of conservation and our environment.
